HUD Homeless Data Exchange PIT Report.....	35

The Point in Time (PIT) Count is the annual homeless census. It counts how many people are experiencing homelessness on a single night and is used to apply for federal, state, and local funding. The Kings and Tulare County 2020 PIT Count was conducted on January 22, 2020 in partnership with local jurisdictions, nonprofit agencies, and volunteers and in tandem with Project Homeless Connect events in the four major cities in the region.

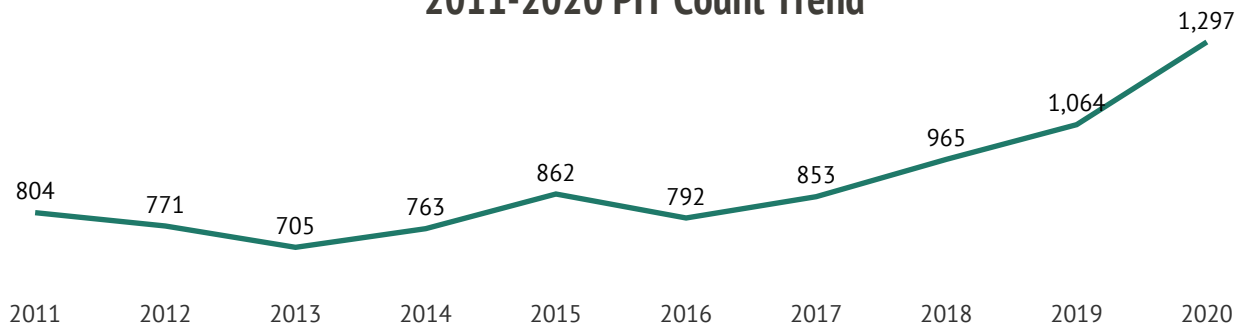

We are grateful to our funders, volunteers, and staff who made this project possible.
