

## Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2021 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2021 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It  
- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2021 CoC Program Competition on behalf of your CoC.

- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

### Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

### Attachments

Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

## 1A. Continuum of Care (CoC) Identification

To help you complete the CoC Application, HUD published resources at [https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition), including:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2021 Continuum of Care Program Competition
- FY 2021 CoC Application Detailed Instructions—essential in helping you maximize your CoC Application score by giving specific guidance on how to respond to many questions and providing specific information about attachments you must upload
- 24 CFR part 578

**1A-1. CoC Name and Number:** CA-513 - Visalia/Kings, Tulare Counties CoC

**1A-2. Collaborative Applicant Name:** Kings/Tulare Continuum of Care on Homelessness

**1A-3. CoC Designation:** CA

**1A-4. HMIS Lead:** Kings United Way

## 1B. Coordination and Engagement–Inclusive Structure and Participation

To help you complete the CoC Application, HUD published resources at [https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition), including:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2021 Continuum of Care Program Competition

1B-2.	Open Invitation for New Members.	
	NOFO Section VII.B.1.a.(2)	

Describe in the field below how your CoC:	
1.	communicated the invitation process annually to solicit new members to join the CoC;
2.	ensured effective communication with individuals with disabilities, including the availability of accessible electronic formats;
3.	conducted outreach to ensure persons experiencing homelessness or formerly homeless persons are encouraged to join your CoC; and
4.	invited organizations serving culturally specific communities experiencing homelessness in the geographic area to address equity (e.g., Black, Latino, Indigenous, persons with disabilities).

**(limit 2,000 characters)**

1. The KTCOC website has a membership page with an open invitation and regularly recruits new members. Membership is advertised monthly through community meetings such as the Kings Co. Homeless Collaborative, Tulare Co. Task Force on Homelessness, and other public forums. An annual recruitment is posted on the KTCOC website and social media, sent out via listserv, and announced at a KTCOC Membership Meeting. The most recent invitation was 7/20/2021 and resulted in 3 new members.

2. All KTCOC meetings comply with the Americans with Disabilities Act. Agendas include a disability compliance statement inviting anyone in need of special accommodations to reach out to a designated KTCOC staff member. In person meetings are held in accessible rooms and Zoom meetings have a captioning option. The KTCOC website uses an ADA-compliant sans serif font for e-readers and includes multiple translation options.

3. Specific outreach to people with lived experienced occurs throughout the year at Local Initiative Navigation Centers (LINC), community meetings, and

through recommendations of service providers. KTCoC recently launched a Youth Advisory Board with two-thirds of its members having lived experience. They are provided bus passes, stipends, and other supports as necessary so that they are able to participate in meetings.

4. KTCoC conducts targeted outreach to ensure that there is broad representation by organizations serving culturally specific communities experiencing homelessness to address equity. This targeted outreach resulted in ABLÉ Industries, a job training and life skills program for people with disabilities, becoming a member. Other members include disability advocates and service organizations, LGBTQ+ advocates and service organizations, and service organizations led by and serving black, brown, indigenous, and other people of color. The KTCoC board also has representation by BIPOC, LGBTQ+ advocates, and persons with lived experience.

<b>1B-3.</b>	<b>CoC’s Strategy to Solicit/Consider Opinions on Preventing and Ending Homelessness.</b>	
	NOFO Section VII.B.1.a.(3)	

Describe in the field below how your CoC:

<b>1.</b>	<b>solicited and considered opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;</b>
<b>2.</b>	<b>communicated information during public meetings or other forums your CoC uses to solicit public information; and</b>
<b>3.</b>	<b>took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.</b>

**(limit 2,000 characters)**

1. KTCoC invites participation in monthly meetings via listserv to 300+ people, posting on the website calendar, and through social media. The listserv includes a broad array of organizations and individuals such as service providers, veterans’ organizations, faith-based agencies, jurisdictional leaders, law enforcement, youth serving organizations, LGBTQ+ representatives, BIPOC-led and serving agencies, disability advocates, persons with lived experience, domestic violence providers, and other stakeholders interested in addressing homelessness within the bi-county region. Each meeting includes a time for stakeholder feedback to address topics not already on the agenda.

2. KTCoC has a variety of committees to encourage community participation, including the Point in Time, Rating and Ranking, HMIS, and Youth Advisory Board committees. In addition, KTCoC staff and board participate in a variety of community meetings to ensure cross-collaboration. Meetings include the Kings County Homeless Collaborative, Tulare County Task Force on Homelessness, Tulare County Multi-Disciplinary Team Meetings, Street Medicine, Community Cares Coalition, Shelter Replacement, Community Engagement Committee, and Kings Partnership for Prosperity.

3. KTCoC recently conducted a formal evaluation of CES. The evaluation included a consumer focus group, interviews with providers, and an online survey. Information collected was used to update the Written Standards, improve client access, and to strengthen capacity of assessors. An updated version of the Written Standards, released in May 2021, incorporated feedback gathered from these forums. KTCoC purchased a mobile outreach van in June

2021 that serves as a roving office for multi-disciplinary teams to provide more robust outreach with persons in rural areas. To strengthen the capacity of assessors, the CES team revamped its training structure and now offers quarterly trainings/refreshers for those administering VI-SPDATs.

<b>1B-4.</b>	<b>Public Notification for Proposals from Organizations Not Previously Funded.</b>	
	NOFO Section VII.B.1.a.(4)	

Describe in the field below how your CoC notified the public:	
1.	that your CoC’s local competition was open and accepting project applications;
2.	that your CoC will consider project applications from organizations that have not previously received CoC Program funding;
3.	about how project applicants must submit their project applications;
4.	about how your CoC would determine which project applications it would submit to HUD for funding; and
5.	how your CoC effectively communicated with individuals with disabilities, including making information accessible in electronic formats.

**(limit 2,000 characters)**

1. KTCoC announced the local competition via listserv to 300+ people, its website, Facebook, and Twitter on August 30, 2021. Further, the announcement was made at partner meetings such as the Kings County Homeless Collaborative and Tulare County Task Force on Homelessness.
2. A specific announcement inviting new organizations to apply for CoC Program funding was posted on the KTCoC website, sent out via listserv, and posted on social media September 9, 2021.
3. The Project Selection and Ranking Process, competition timeline, and resources for technical assistance were posted on the KTCoC website, sent out via listserv, and social media. An applicant workshop was held on September 10, 2021 and covered topics such as eligible programs, ranking process, HUD priorities, contract responsibilities, and how to apply. Resources included links to the HUD Competition pages, local NOFA and scoring tools, and the Applicant Workshop PowerPoint . These resources provided detailed information on the local submittal process and applicants were provided an opportunity for 1:1 technical assistance September 13-17, 2021.
4. Through listserv, social media, and the competition webpage, applicants were provided detailed information about the minimum threshold, funding priorities, contribution to system performance, organizational capacity, project rank, and project scoring policies. The information also included the reallocation policy and appeal process.
5. All trainings and meetings were conducted via Zoom this year due to COVID-19. The written competition materials and meeting agendas were distributed via listserv, which complied with the Americans with Disabilities Act, offering special assistance to participants who need additional support. Meeting materials were formatted with an ADA-compliant sans serif font for e-readers.

## 1C. Coordination and Engagement–Coordination with Federal, State, Local, Private, and Other Organiza

To help you complete the CoC Application, HUD published resources at [https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition), including:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2021 Continuum of Care Program Competition
- FY 2021 CoC Application Detailed Instructions–essential in helping you maximize your CoC Application score by giving specific guidance on how to respond to many questions and providing specific information about attachments you must upload
- 24 CFR part 578

1C-1.	Coordination with Federal, State, Local, Private, and Other Organizations.	
	NOFO Section VII.B.1.b.	

In the chart below:

1.	select yes or no for entities listed that are included in your CoC’s coordination, planning, and operations of projects that serve individuals, families, unaccompanied youth, persons who are fleeing domestic violence who are experiencing homelessness, or those at risk of homelessness; or
2.	select Nonexistent if the organization does not exist within your CoC’s geographic area.

1C-2.	CoC Consultation with ESG Program Recipients.	
	NOFO Section VII.B.1.b.	

Describe in the field below how your CoC:	
1.	consulted with ESG Program recipients in planning and allocating ESG and ESG-CV funds;
2.	participated in evaluating and reporting performance of ESG Program recipients and subrecipients;
3.	provided Point-in-Time (PIT) count and Housing Inventory Count (HIC) data to the Consolidated Plan jurisdictions within its geographic area; and
4.	provided information to Consolidated Plan Jurisdictions within your CoC's geographic area so it could be addressed in Consolidated Plan update.

**(limit 2,000 characters)**

1. KTCoc does not receive ESG funding directly and thus works with the only ESG recipient in the geographic area—State of California. KTCoc attended workshops, communicated directly with HCD leadership, and provided public comment to redesign ESG to develop a two-tier process to allocate non-competitive/competitive State funds. KTCoc developed rating & ranking guidelines for local ESG funds and established system level performance standards. KTCoc recommended projects to State for ESG funds. HCD often reaches out to KTCoc leadership for feedback prior to releasing program guidance, etc.

2. KTCoc provided HMIS data to ESG and ESG-CV recipients and subrecipients for APRs and CAPERs as well as for NOFA competitions. KTCoc reviews local ESG projects and forwards recommended projects to the State for consideration of grant awards. The process includes review by a local Rating and Ranking Committee that evaluate provider capacity, past performance, and overall contribution to the local service system. For funded projects, KTCoc reviews ESG and ESG-CV system and project level performance data on a quarterly basis to identify areas of concern/develop corrective actions/provide TA support. These quarterly reports contain data derived from monthly Snapshots that are sent to ESG and ESG-CV funded agencies. The data includes income, employment, length of time homeless, recidivism, and housing stability.

3. KTCoc provides PIT and HIC information to all 5 jurisdictions (State of CA, Hanford, Porterville, Visalia, Tulare) through Action Plan, CAPER, and Consolidated Plan requests. Additionally, KTCoc provides annual Point in Time reports that include HIC information to all Con Plan jurisdictions.

4. KTCoc sends out updates and public comment requests on behalf of ConPlan jurisdictions to stakeholders via listserv and social media for action plan and consolidated plan updates. Additionally, KTCoc attended public meetings to share CoC-level concerns and priorities with consolidated plan jurisdictions.

1C-3.	Ensuring Families are not Separated.	
	NOFO Section VII.B.1.c.	

Select yes or no in the chart below to indicate how your CoC ensures emergency shelter, transitional housing, and permanent housing (PSH and RRH) do not deny admission or separate family members regardless of each family member's self-reported gender:

1. Conducted mandatory training for all CoC- and ESG-funded service providers to ensure families are not separated.	Yes
2. Conducted optional training for all CoC- and ESG-funded service providers to ensure families are not separated.	Yes
3. Worked with ESG recipient(s) to adopt uniform anti-discrimination policies for all subrecipients.	Yes
4. Worked with ESG recipient(s) to identify both CoC- and ESG-funded facilities within your CoC's geographic area that might be out of compliance and took steps to work directly with those facilities to bring them into compliance.	Yes
5. Sought assistance from HUD by submitting AAQs or requesting technical assistance to resolve noncompliance of service providers.	No
6. Other. (limit 150 characters)	
ESG recipient for our region is the State of CA and they have anti-discrimination policies. There was no need for KTCOC to submit an AAQ for noncompliance since our service providers comply.	

1C-4. CoC Collaboration Related to Children and Youth—SEAs, LEAs, Local Liaisons & State Coordinators.	
NOFO Section VII.B.1.d.	

Describe in the field below:

1. how your CoC collaborates with youth education providers;
2. your CoC's formal partnerships with youth education providers;
3. how your CoC collaborates with State Education Agency (SEA) and Local Education Agency (LEA);
4. your CoC's formal partnerships with SEAs and LEAs;
5. how your CoC collaborates with school districts; and
6. your CoC's formal partnerships with school districts.

**(limit 2,000 characters)**

1. KTCOC and member agencies collaborate on a number of levels with youth education providers. Agencies, such as Family Services of Tulare County (FSTC), operate programs on school sites, including the Goshen Family Center and primary prevention youth clubs at Woodlake High School.

Local shelters and housing programs partner with the Homeless Liaisons at the Visalia Unified School District (VUSD), Tulare City School District, Tulare Joint Union High School District and the Tulare County Office of Education (TCOE). These collaborations ensure that children in our housing programs receive the academic and financial assistance entitled to them under the McKinney-Vento Homeless Act.

Additionally, KTCOC co-facilitated a 100-Day Challenge (100DC) with TCOE in June 2020. The 100DC focused on youth with a goal of housing 50 households.

2. KTCOC members maintain formal Operational agreements such as First 5 Tulare County, Parenting Network, the aforementioned school districts, and additional school district-based Family Resource Centers (FRCs) in rural Tulare County.

3. The California Department of Health, Health and Human Services division partners with FSTC to sponsor Rape Prevention and Education programs. These Active Bystander programs are implemented by FSTC staff at Woodlake High School and at Lindsay High School.

4. KTCoc members maintain active Operational agreements with TCOE and other local school districts.

5. Members co-locate services at the Family Resource centers for the Cutler-Orosi, Woodlake, and Lindsay school districts to provide services for students, their families, and the wider rural communities. Another school district agreement is with Visalia Unified School District to run the Goshen Family Center which resides on the elementary campus and offers counseling, parent education, and food/diaper distributions.

6. KTCoc members maintain active Operational agreements with TCOE and other local school districts.

1C-4a.	CoC Collaboration Related to Children and Youth–Educational Services–Informing Individuals and Families Experiencing Homelessness about Eligibility.	
--------	--	--

NOFO Section VII.B.1.d.

Describe in the field below written policies and procedures your CoC adopted to inform individuals and families who become homeless of their eligibility for educational services.

**(limit 2,000 characters)**

KTCoc works to ensure that all service providers and CES staff inform individuals and families who become homeless of their eligibility for education services. Each CoC agency has to sign a Participating Agency Agreement that outlines this requirement.

Additionally, CoC agencies are required to comply with the CES Written Standards that state: "Providers must document whether school aged children are eligible for McKinney-Vento services and whether the child is connected with a local education liaison. If the child is not already engaged, recipients must refer the family directly to the liaison at their school of choice. All applicants/participants with school-aged children must be provided with documentation that explains their rights under the McKinney-Vento Act and that provides contact information for the liaison at every school district within either Kings or Tulare County.... Providers shall maintain documentation in the participant's case file to demonstrate that these requirements have been met and that applicants and participants understand their rights."

Agencies must have this documentation available at site-monitoring visits. If a project is deemed non-compliant with this requirement, they are offered technical assistance and placed on a performance improvement plan.

1C-4b.	CoC Collaboration Related to Children and Youth–Educational Services–Written/Formal Agreements or Partnerships with Early Childhood Services Providers.	
--------	---	--

NOFO Section VII.B.1.d.

Select yes or no in the chart below to indicate whether your CoC has written formal agreements or partnerships with the listed providers of early childhood services:

	MOU/MOA	Other Formal Agreement
1. Birth to 3 years	No	Yes
2. Child Care and Development Fund	No	No
3. Early Childhood Providers	No	No
4. Early Head Start	Yes	No

10. School-based family resource centers	Yes	Yes

1C-5. Addressing Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors--Annual Training--Best Practices.	
NOFO Section VII.B.1.e.	

Describe in the field below how your CoC coordinates to provide training for:

1. Project staff that addresses safety and best practices (e.g., trauma-informed, victim-centered) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually); and
2. Coordinated Entry staff that addresses safety and best practices (e.g., trauma informed care) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually).

**(limit 2,000 characters)**

1. KTCoc holds annual trainings on trauma-informed care, crisis intervention training, as well as serving survivors of domestic violence, human trafficking, and sexual assault. These trainings, supported by local DV providers, are mandatory for all CoC and ESG funded projects. All other local service providers are strongly encouraged to attend. These trainings are recorded and links are posted on the KTCoc website so that staff can access resources on an ongoing basis. The last training was held on 10/13/21. All local DV providers, Family Services, CCFCC, and KCAO, regularly attend monthly KTCoc meetings and participate in cross-agency discussions/networking. These DV providers offer 40-hour certified training that consist of eight modules scheduled on a rotating basis. The series includes topics such as safety planning, active listening skills, and confidentiality protocols.

2. All CES staff that engage with clients are required to participate in trainings on topics including trauma informed techniques, victim-centered access and choice, and client confidentiality. The annual training was conducted on 10/13/21. This training focused on providing a safe space for survivors to share information without re-traumatization through techniques such as creating a safe context, restoring power, building self-worth, and honoring preference. Attendees were taught how to assess for the imminence of danger and the local

protocols to follow when a person may be in danger. The training also included a segment on the VAWA 2013 Reauthorization and the requirements related to CoC and ESG funded programs. Emergency Transfer Plans, basic housing protections, lease addendums, and required notifications were covered during the session.

1C-5a.	Addressing Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors–Using De-identified Aggregate Data.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC uses de-identified aggregate data from a comparable database to assess the special needs related to domestic violence, dating violence, sexual assault, and stalking survivors.

**(limit 2,000 characters)**

KTCOC uses multiple de-identified aggregate datasets to assess the scale and special needs related to domestic violence, dating violence, sexual assault, and stalking survivors. Data from the comparable database tracks demographics, services, length of stay, and outcomes that are used to identify unmet needs. The PIT count measures the scope and demographics of survivors among the overall homeless population. Coordinated Entry housing assessments collect demographic information, vulnerability data elements, and whether a person’s homelessness is a result of fleeing abuse.

Data is analyzed annually to identify community solutions, increase resources, and plan for future needs. For example, KTCOC used these datasets to apply for two TH+RRH housing projects: Family Service’s Victim Rehousing and KCAO’s Hope Survives TH.

1C-5b.	Addressing Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors–Coordinated Assessment–Safety, Planning, and Confidentiality Protocols.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC’s coordinated entry system protocols incorporate trauma-informed, victim-centered approaches while maximizing client choice for housing and services that:

- |    |                                  |
|----|----------------------------------|
| 1. | prioritize safety;               |
| 2. | use emergency transfer plan; and |
| 3. | ensure confidentiality.          |

**(limit 2,000 characters)**

1. KTCOC CES has protocols in place for survivors. Access points administer a screening for risk or potential harm perpetrated on participants as a result of domestic violence, human trafficking, sexual assault, stalking, or dating violence. In the event defined risk is deemed to be present, the participant is offered the option of connecting to a DV provider or law enforcement where they can receive specialized services and housing assistance, using a trauma informed approach designated to address the particular service needs of survivors. CES participating agencies are trained in victim centered practices and trauma informed care, equal access to housing, and motivational interviewing to ensure participants aren’t re-traumatized during the assessment

process. Data collected by victim service providers is entered into a comparable database that meets HUD and VAWA requirements.

During COVID-19, a web-based chat hotline for survivors was launched utilizing a platform called Resource Connect. Monthly client contacts through the chat hotline have more than doubled in 10 months. A variety of housing options for survivors were offered, including immediate placement in motels due to reduced shelter capacity.

2. HUD and ESG funded services providers are required to follow VAWA regulations, which are further affirmed through CES Written Standards. Clients can request an Emergency Transfer Plan (ETP) through their case manager or through CES. Options include internal transfers, external transfers, and other safe/available units.

3. Survivors are assessed for housing using the VI-SPDAT, which is entered into a comparable database and a unique ID is generated. The unique ID is entered into CES ensuring anonymity and equal access to all available housing. DV providers have access to both DV and non-DV dedicated housing. Households are able to choose the type and location of housing that best meets their needs without losing prioritization in CES.

<b>1C-6.</b>	<b>Addressing the Needs of Lesbian, Gay, Bisexual, Transgender–Anti-Discrimination Policy and Training.</b>	
	NOFO Section VII.B.1.f.	

	1. Did your CoC implement a written CoC-wide anti-discrimination policy ensuring that LGBT individuals and families receive supportive services, shelter, and housing free from discrimination?	Yes
	2. Did your CoC conduct annual CoC-wide training with providers on how to effectively implement the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity (Equal Access Final Rule)?	Yes
	3. Did your CoC conduct annual CoC-wide training with providers on how to effectively implement Equal Access to Housing in HUD Programs in Accordance with an Individual’s Gender Identity (Gender Identity Final Rule)?	Yes

<b>1C-7.</b>	<b>Public Housing Agencies within Your CoC’s Geographic Area–New Admissions–General/Limited Preference–Moving On Strategy. You Must Upload an Attachment(s) to the 4B. Attachments Screen.</b>

1C-7a.	Written Policies on Homeless Admission Preferences with PHAs.	
	NOFO Section VII.B.1.g.	

Describe in the field below:

1.	steps your CoC has taken, with the two largest PHAs within your CoC’s geographic area or the two PHAs your CoC has working relationships with, to adopt a homeless admission preference—if your CoC only has one PHA within its geographic area, you may respond for the one; or
2.	state that your CoC has not worked with the PHAs in its geographic area to adopt a homeless admission preference.

**(limit 2,000 characters)**

1. KTCOC has worked closely with both local housing authorities, Housing Authority of Kings County (HAKC) and Housing Authority of Tulare County (HATC), to adopt homeless admission preferences within their respective service area.

In partnership with HAKC, KTCOC has secured Move-On Vouchers, Mainstream Vouchers (MVP), Emergency Housing Vouchers (EHV), and Foster Youth Initiative Vouchers for people experiencing homelessness. HAKC accepts referrals through the Coordinated Entry System and works directly with CES staff on housing search and placement. The HAKC Executive Director participated in the development of the most recent Homeless Plan and attends Kings County Homeless Collaborative meetings.

We have had similar success with HATC to secure Move-On Vouchers, MVP, EHV, and master leased units. Additionally, HATC purchased a motel that provides non-congregate shelter while undergoing renovations to become permanent supportive housing. We are also working with HATC to secure project-based vouchers at two new affordable housing locations that have homeless set-aside units.

Both Housing Authorities are currently participating in a Rapid Results Institute 100-Day Challenge to house 100 people experiencing homelessness using Housing Choice Vouchers.

| 1. | how your CoC includes the units in its Coordinated Entry process; and                       |
| 2. | whether your CoC's practices are formalized in written agreements with the PHA, e.g., MOUs. |

**(limit 2,000 characters)**

1. KTCoc partners with both the Housing Authority of Kings County (HAKC) and Housing Authority of Tulare County (HATC) to provide Mainstream Vouchers (MVP) and Emergency Housing Vouchers (EHV) to people experiencing homelessness. Through the CES process, outreach staff, shelter staff, case managers, and other service providers can assist a family or individual experiencing homelessness complete a VI-SPDAT and enroll them into CES through HMIS. Staff work with their respective clients to get document ready for the Housing Authority application. Referrals for MVP and EHV are sent first to a CES Housing Specialist who combines all documents into a packet and sends it to the appropriate Housing Authority staff. All referrals and enrollments are entered into and tracked through HMIS. Data snapshots are sent to the CES manager on a monthly basis to show how many vouchers have been used, how many are available, and other data elements. Stabilized PSH households are able to apply to either MVP or EHV as a part of KTCoc's moving on strategy. Case managers who work with PSH clients provide motivational interviewing and discuss the idea of moving on to all stabilized households.

2. KTCoc has formal MOUs with the HATC for the MVP and EHV programs. Clients are connected to these vouchers with a trauma-informed lens that includes a designated CES liaison. Further, HATC extended the length of time to lease up a voucher and works directly with CES to address barriers such as arrearages owed to the HATC and evictions.

1C-7d.	Submitting CoC and PHA Joint Applications for Funding for People Experiencing Homelessness.
	NOFO Section VII.B.1.g.

Did your CoC coordinate with a PHA(s) to submit a joint application(s) for funding of projects serving families experiencing homelessness (e.g., applications for mainstream vouchers, Family Unification Program (FUP), other non-federal programs)?	Yes
---	-----

1C-7d.1.	CoC and PHA Joint Application–Experience–Benefits.	
	NOFO Section VII.B.1.g.	

If you selected yes to question 1C-7d, describe in the field below:

1.	the type of joint project applied for;
2.	whether the application was approved; and
3.	how your CoC and families experiencing homelessness benefited from the coordination.

**(limit 2,000 characters)**

1. KTCoC collaborated with both the Housing Authority of Kings County (HAKC) and the Housing Authority of Tulare County (HATC) on joint applications for Mainstream Vouchers (MVP) and Emergency Housing Vouchers (EHV).

2. All collaborative applications were approved, resulting in 103 MVP and 142 EHV vouchers for our region. These housing vouchers increased permanent housing stock in our region by 118% (219 prior, 464 with MVP/EHV).

3. KTCoC has leveraged the partnership with local housing authorities to support the operations of six new affordable housing developments that have set-aside units designated for people experiencing homelessness. These housing developments are currently under construction or will begin construction within the next 12-24 months.

Another successful partnership with our local housing authorities is with the KTCoC Flex Fund program and Anthem Blue Cross. Housing navigators work with the Housing Authority to fast-track Housing Choice Voucher approval. Anthem Blue Cross is financially supporting this project by providing flex funds in a “do whatever it takes approach” to get families housed. Flex funds have paid for security deposits, back rent/utilities, delinquent car registrations, and furnishings so that families are set-up for success in their new home.

1C-7e.	Coordinating with PHA(s) to Apply for or Implement HCV Dedicated to Homelessness Including American Rescue Plan Vouchers.

This number is a calculation of the percentage of new and renewal PSH, RRH, Safe-Haven, SSO non-coordinated entry projects the CoC has ranked in its CoC Priority Listing in the FY 2021 CoC Program Competition that reported that they are lowering barriers to entry and prioritizing rapid placement and stabilization to permanent housing.	100%

1C-9a.	Housing First–Project Evaluation.	
	NOFO Section VII.B.1.i.	

Describe in the field below how your CoC regularly evaluates projects to ensure those that commit to using a Housing First approach are prioritizing rapid placement and stabilization in permanent housing and are not requiring service participation or preconditions of program participants.

**(limit 2,000 characters)**

KTCOC believes that Housing First is a critical tool in addressing homelessness. All KTCOC HUD and ESG funded projects must agree to following a Housing First model by signing an MOU with KTCOC. In 2019, KTCOC secured technical assistance through Homebase to work with agencies on updating their project

policies and procedures to comply with Housing First standards. The technical assistance further supported agencies with structuring their policies and procedures to include a client-centered approach.

To ensure ongoing compliance, a quantitative review of HMIS and CES data occurs monthly. This review assesses rejected referrals, the length of time from referral to enrollment, referral to housing move-in date, and exit information. Agencies are also required to submit the HUD Housing First Assessment Tool to KTCOC on an annual basis.

KTCOC also reviews qualitative information to assess a project's compliance with Housing First principles. Project policies and procedures are reviewed as a part of the local competition. Information is also gathered during Coordinated Entry meetings as cases are staffed, through the KTCOC grievance process, and through client feedback. Agencies with a pattern of grievances are provided technical assistance and placed on a performance improvement plan.

<b>1C-10.</b>	<b>Street Outreach–Scope.</b>	
	NOFO Section VII.B.1.j.	

Describe in the field below:	
1.	your CoC’s street outreach efforts, including the methods it uses to ensure all persons experiencing unsheltered homelessness are identified and engaged;
2.	whether your CoC’s Street Outreach covers 100 percent of the CoC’s geographic area;
3.	how often your CoC conducts street outreach; and
4.	how your CoC tailored its street outreach to persons experiencing homelessness who are least likely to request assistance.

**(limit 2,000 characters)**

1. Outreach teams include housing navigators, code enforcement, Homeless Outreach and Proactive Engagement (HOPE) multi-disciplinary police/mental health provider teams, Homeless Enforcement Assistance Response Team (HEART) Sheriff team, Projects for Assistance in Transition from Homelessness (PATH) teams, a food truck ministry, Local Initiative Navigation Centers (LINC), the street medicine team, and a mobile outreach van.

Services are coordinated amongst teams to ensure that resources and outreach efforts aren't duplicated. The CES team participates in planning meetings with partners to schedule dates, locations, and services for outreach efforts. Outreach teams leverage the HMIS By-Name List to update client records as additional information is obtained. Bi-lateral consents are available for clients to sign allowing for multiple agencies to staff their case, thus expediting the engagement process and minimizing the need for the client to repeatedly share their situation.

2. Street outreach covers 100% of KTCoC’s geographic area. CES staff is divided into regions with scheduled days for street outreach within their respective regions to ensure that areas receive regular access to supports.

3. Street outreach is conducted continuously throughout the CoC with areas with higher concentrations of people experiencing homelessness visited weekly. Smaller and unincorporated communities are visited on a monthly basis.

4. Outreach staff are trained in motivational interviewing, trauma informed care, and harm reduction to assist clients who have the highest barriers and are least likely to request assistance, such as people experiencing chronic homelessness. Rapport is created by offering services through a person-centered approach in areas such as linkages to mainstream benefits, behavioral health, document assistance, and DV services. Multi-disciplinary teams bring services to people that are unable or unwilling to access them in traditional settings.

<b>1C-11.</b>	<b>Criminalization of Homelessness.</b>

1C-13a.	Mainstream Benefits and Other Assistance—Information and Training.	
	NOFO Section VII.B.1.m	

Describe in the field below how your CoC provides information and training to CoC Program-funded projects by:

1.	systemically providing up to date information on mainstream resources available for program participants (e.g., Food Stamps, SSI, TANF, substance abuse programs) within your CoC’s geographic area;
2.	communicating information about available mainstream resources and other assistance and how often your CoC communicates this information;
3.	working with projects to collaborate with healthcare organizations to assist program participants with enrolling in health insurance; and
4.	providing assistance with the effective use of Medicaid and other benefits.

**(limit 2,000 characters)**

1. KTCoc disseminates updates on mainstream resources in membership meetings, case management roundtables, through listserv messages, and social media posts. Recent trainings include: Health Insurance & Homelessness (9/24/20), Housing Choice Vouchers (11/19/20), WIC Programs (2/25/21), Economic Impact Payments (4/22/21), Health Literacy (6/24/21), and Employment Opportunities (11/12/21). KTCoc HUD and ESG funded agencies are required to participate in SOAR training annually.

2. KTCoc ensures that service providers are continually updated on the availability of mainstream resources. This information is disseminated in a variety of ways such as through the weekly listserv, monthly case management roundtables, and quarterly trainings. During COVID-19, weekly meetings were held to share information on how to assist clients with Economic Impact Payment applications, accessing additional unemployment benefits, and emergency rental assistance.

3. Housing navigators and outreach teams screen for health insurance when conducting housing assessments. Clients without insurance are immediately connected to an enrollment specialist. KTCoc works with the Health Homes and street medicine teams to do street outreach, ensuring that clients are enrolled. Tulare County’s Housing Disability Advocacy Program team assists clients with accessing mainstream and SSI/SSDI benefits.

4. KTCoc received a grant from Anthem Blue Cross for flex funds to house people experiencing homelessness. Clients are screened and connected to health insurance, matched with a housing opportunity, and, if eligible, enrolled

in Health Homes. The Health Homes program serves Medicaid-eligible clients with complex medical needs and chronic conditions by providing case management and care coordination. As part of a strategic planning process for Tulare County, County staff, CoC providers, and the CES lead are system mapping to further integrate Medicaid behavioral health services into homeless outreach and housing programs.

1C-14.	Centralized or Coordinated Entry System–Assessment Tool. You Must Upload an Attachment to the 4B. Attachments Screen.	
	NOFO Section VII.B.1.n.	

Describe in the field below how your CoC’s coordinated entry system:	
1.	covers 100 percent of your CoC’s geographic area;
2.	reaches people who are least likely to apply for homeless assistance in the absence of special outreach;
3.	prioritizes people most in need of assistance; and
4.	ensures people most in need of assistance receive assistance in a timely manner.

**(limit 2,000 characters)**

1. CES is designed as a no wrong door approach and covers 100% of the geographic area. Households can access CES through 211, the mobile outreach van, soup kitchens, navigation centers, and shelters. CES connects with homeless education liaisons and service providers to offer services to families with children. Navigators coordinate weekly with local law enforcement, code enforcement, mental health teams, and service providers to cover the bi-county region.

During COVID-19, CES staff posted flyers at sanitation stations, included them in grab-n-go meals, and notified healthcare and community agencies about how people experiencing homelessness could access non-congregate shelter.

2. Outreach workers visit encampments to connect with people least likely to seek homeless assistance and build rapport by using trauma informed communication and motivational interviewing techniques.

During COVID-19, navigators partnered with health departments and street medicine to administer vaccines and distribute PPE kits. Specialty items, such as phone charging banks, were distributed to facilitate communication and access to services.

3. KTCOC adopted HUD’s Prioritization Standards and uses a VI-SPDAT to prioritize vulnerability. Housing navigators assist with collecting documents to rapidly refer households prioritized for housing programs. Interim COVID-19 Coordinated Entry Prioritization Policies were adopted in July 2020 to shift RRH prioritization to those in non-congregate shelters.

4. Providers are required to notify the CES of all known and anticipated vacancies. Providers have one week from referral to contact the household and 30 days to place them into permanent housing. To further to goal of reducing LOTH, KTCOC embarked on two separate 100-day challenges during COVID - 19: 1) a HUD-sponsored 100DC with a youth focus resulting in 40 households housed; and 2) a self-funded 100DC with a goal of housing 100 households using Emergency Housing Vouchers.

1C-15c.	Promoting Racial Equity in Homelessness Beyond Areas Identified in Racial Disparity Assessment.	
	NOFO Section VII.B.1.o.	

Describe in the field below the steps your CoC and homeless providers have taken to improve racial equity in the provision and outcomes of assistance beyond just those areas identified in the racial disparity assessment.

**(limit 2,000 characters)**

KTCoC is using a multi-pronged approach to improving racial equity within the local homeless service system comprised of education, training, and inclusion. Over the past few years, KTCoC has commissioned a Racial Equity Analysis to assess the scope of racial disparities in Kings and Tulare Counties by comparing HMIS data to census data. Additionally, the County of Tulare has an ongoing research partnership with Case Western University, through which insights from the homeless community are systematically mapped out, including the impact of race and equity.

Training is a critical component of the local focus on improving racial equity within our system. Tulare County HHSA staff, approved under the Governing Alliance on Race & Equity (GARE) train the trainer model, provides annual racial equity training for the CoC. The training focuses on cultural and linguistic competency, eliminating biases, and creating an inclusive environment. All KTCoC HUD and ESG funded agencies sign a Partnership Agreement which includes a commitment to ongoing racial equity training and policies that address racial disparities within their own agency.

KTCoC believes that the insight from persons of color is extremely important to increasing racial equity. A key component of local funding competitions is reviewing how an applicant is promoting racial equity within their program. Additionally, the KTCoC Board has a “lived experience” position that is filled by a community of color representative. The local Homeless Task Force – a collection of decision makers from a wide range of sectors – welcomes public comment to consider in decision making, and places high value from those with lived experience and from persons of color.

-------	---	--

NOFO Section VII.B.1.q.	
-------------------------	--

Describe in the field below protocols your CoC implemented during the COVID-19 pandemic to address immediate safety needs for individuals and families living in:	
---	--

1.	unsheltered situations;
2.	congregate emergency shelters; and
3.	transitional housing.

**(limit 2,000 characters)**

1. At the onset of the COVID-19 pandemic, KTCoC immediately secured PPE for outreach teams and people experiencing homelessness. Navigators were provided hazard pay to continue street outreach. KTCoC partnered with local health departments and street medicine teams to administer vaccines, assist households with Economic Impact Payment applications, and distribute COVID-19 PPE kits. Specialty items, such as phone charging banks, were distributed to facilitate communication and access to services.

KTCoC also funded initiatives focused on the health and safety of people in unsheltered situations. These included hygiene stations, match for non-congregate shelter, motel rooms for all identified veterans, gap funding for a warming center to shift to a non-congregate shelter, and gap funding for soup kitchens that shifted to grab-n-go meals as a result of the pandemic.

2. The health and safety of people working and staying at congregate shelters was paramount. Best practices, such as enhanced cleaning, reduced occupancy, and screening tools were shared with staff. Facilities were provided commercial sized hand sanitizers, bleach, cleaning wipes, face masks for staff and clients, replacement pillows, paper towels, toilet paper, and portable dividers to separate beds from one another. Shelters with a loss of funding related to COVID-19 were provided gap funding through KTCoC’s allocation of COVID-19 emergency funds through the State of California. Other shelters were assisted with accessing Paycheck Protection Program so they could continue operations.

3. Transitional housing programs were supported in many of the same ways as emergency shelters. Agencies were able to participate in virtual case management roundtables and KTCoC provided commercial sized hand sanitizers, bleach, cleaning wipes, face masks for staff and clients, and other scarce supplies. Best practices, such as enhanced cleaning, reduced occupancy, and safety screening tools were shared with staff.

<b>1D-2.</b>	<b>Improving Readiness for Future Public Health Emergencies.</b>	
	NOFO Section VII.B.1.q.	

Describe in the field below how your CoC improved readiness for future public health emergencies.

**(limit 2,000 characters)**

The COVID-19 pandemic has given KTCoC the opportunity to work closely with Public Health leaders, Emergency Operations Centers (EOCs), State leaders, and other key stakeholders. Through these engagements we have created meaningful relationships and protocols that can be leveraged for future public health emergencies. One key accomplishment was the development of the Community Care Coalition (CCC), a network of local stakeholders that work together during times of emergency. The CCC, which includes agencies such as KTCoC, United Way, County representatives, and other critical stakeholders, coordinates the emergency response within the region so that communication, supports, and education are disseminated in a targeted manner.

Additionally, KTCoC is currently working on a formal preparedness plan based upon the Infectious Disease Toolkit for CoCs, published March 2020. The plan will incorporate several key areas of focus such as planning, communication, CoC support, and training/education. We anticipate a formally adopted plan by Spring 2022.

<b>1D-3.</b>	<b>CoC Coordination to Distribute ESG Cares Act (ESG-CV) Funds.</b>	
	NOFO Section VII.B.1.q	

Describe in the field below how your CoC coordinated with ESG-CV recipients to distribute funds to address:

<b>1.</b>	<b>safety measures;</b>
<b>2.</b>	<b>housing assistance;</b>
<b>3.</b>	<b>eviction prevention;</b>
<b>4.</b>	<b>healthcare supplies; and</b>
<b>5.</b>	<b>sanitary supplies.</b>

**(limit 2,000 characters)**

1. KTCoC was the sole recipient of the ESG-CV funds allocated to the bi-county region. We worked with both Counties to secure sites for isolation units and for people experiencing homelessness. Congregate shelters were provided information on strategies to minimize the spread of COVID-19 through social distancing, enhanced ventilation, and wearing masks. A COVID-19 hotline was established for people experiencing homelessness that were interested in

health screenings, non-congregate shelter, and other pandemic-related supports.

2. Within 45 days of the National Emergency declaration, we opened the first non-congregate shelter (NCS). Four other NCSs were launched shortly thereafter. ESG-CV funds were allocated as FEMA match funds for these shelters. Three motels were purchased as interim NCS with plans for conversion to PH. Two 100-Day Challenges were held to accelerate the rate of permanent housing placement with a focus on youth households and EHV/MVP vouchers. A COVID-19 housing navigator was hired to assist NCS clients with exit plans and locating permanent housing.

3. CES triaged people at-risk of homelessness and connected them with financial assistance and resources through the Emergency Rental Assistance Program, philanthropic funding, and Central California Legal Services.

4. Specialty backpacks, fully stocked with healthcare supplies, were purchased for the street medicine team. Portable ice chests were purchased for COVID-19 tests administered at encampments. N95 masks and disposable masks were given to healthcare workers who weren't able to acquire them elsewhere.

5. ESG-CV funds were used to purchase PPI for providers and outreach teams as well as COVID-19 specific hygiene kits and sanitation stations for people in unsheltered locations. Commercial sized hand sanitizers, bleach, cleaning wipes, face masks, replacement pillows, and portable dividers were purchased for shelters.

1D-4.	CoC Coordination with Mainstream Health.	
	NOFO Section VII.B.1.q.	

Describe in the field below how your CoC coordinated with mainstream health (e.g., local and state health agencies, hospitals) during the COVID-19 pandemic to:

1.	decrease the spread of COVID-19; and
2.	ensure safety measures were implemented (e.g., social distancing, hand washing/sanitizing, masks).

**(limit 2,000 characters)**

1. KTCoc and the both County Health Departments met weekly, and often times daily, to implement a coordinated response for people experiencing homelessness at the onset of the COVID-19 pandemic. A joint letter was distributed to hospitals, shelters, service providers, and jurisdictional leaders on prevention efforts and access to non-congregate shelter. The California Department of Social Services and Kings and Tulare County Health Departments, along with KTCoc, met regularly to identify how best to use all available local, state, and federal funding for non-congregate shelters.

CES was identified by both Counties as the lead entity for all health screenings and referrals to non-congregate shelter. Local hospitals and the street medicine team were given access to HMIS and were able to input health screenings for client placement into non-congregate shelter. Kaweah Delta Medical Center's street medicine team partnered with the CES team on weekly outreach to encampments, shelters, and other areas people experiencing homelessness tended to congregate. Medical services, COVID-19 testing and vaccinations,

and prescription administration were provided during these events.

2. Health Departments for both Counties were instrumental in providing widespread information on safety measures. These resources were shared weekly at COVID-19 Service Provider Forums and sent out via listserv, social media, and on the KTCoC website. Approximately 20 sanitation stations were placed throughout the bi-county region to assist people living on the streets follow CDC recommended hygiene practices. Supplies such as hand sanitizer, KN95 masks, disposable masks, and antibacterial soaps were provided to emergency shelters and through COVID-19 specific kits.

<b>1D-5.</b>	<b>Communicating Information to Homeless Service Providers.</b>	
	NOFO Section VII.B.1.q.	

Describe in the field below how your CoC communicated information to homeless service providers during the COVID-19 pandemic on:

1.	safety measures;
2.	changing local restrictions; and
3.	vaccine implementation.

**(limit 2,000 characters)**

1. The Community Cares Coalition was developed as a COVID-19 specific workgroup that met weekly to disseminate information about COVID-19 supports and to coordinate community-wide efforts. A joint letter and workflow signed by Kings County Human Services, Tulare County Health & Human Services, and KTCoC was distributed to all partner agencies and healthcare providers outlining how people experiencing homelessness could be connected to COVID-19 services, including vaccinations. Resources such as pre-designed signage and safety protocols were sent out via listserv and social media.

2. KTCoC created a special section on its website to share COVID-19 information. Links to County COVID-19 public health information was on the front page of the website. All local service providers were listed on the webpage with a link to their COVID-19 protocols, including operating hours and service restrictions. KTCoC also hosted a weekly COVID-19 Service Provider Forum to disseminate information, share best practices, and answer questions.

3. Information about vaccine implementation, including prioritization for special populations was shared during weekly Service Provider Forums and monthly Membership Meetings. KTCoC also coordinated directly with service providers on vaccination events at shelters, encampments, and other places people experiencing homelessness are known to congregate. Notifications were sent out via listserv and social media.

<b>1D-6.</b>	<b>Identifying Eligible Persons Experiencing Homelessness for COVID-19 Vaccination.</b>	
	NOFO Section VII.B.1.q.	

Describe in the field below how your CoC identified eligible individuals and families experiencing homelessness for COVID-19 vaccination based on local protocol.

**(limit 2,000 characters)**

KTCoC worked with County Health and Human Services departments, street medicine, shelters, outreach teams, 211, and a newly developed Community Cares Coalition to identify eligible persons for COVID-19 vaccinations.

A COVID-19 screening hotline was established for people experiencing homelessness that were interested in health screenings, non-congregate shelter, and pandemic-related supports. Information gathered from the hotline was inputted into HMIS and used to identify and engage with persons interested in vaccinations.

Specific funding resources were allocated to the street medicine team so that COVID-19 vaccinations could be administered in encampments. Funds were used to acquire specialized ice chests that keep vaccinations at the appropriate temperature, fully stocked street medicine backpacks, PPI, and COVID-19 hygiene kits. Outreach teams established pop-ups to engage with unsheltered persons by giving away grab-n-go meals, assisting with Economic Impact Payment applications, conducting health screenings, and offering COVID-19 vaccinations. Data was entered into the HMIS on clients receiving vaccinations and/or experiencing health vulnerabilities related to COVID-19.

Other special events were held to engage with people experiencing homelessness about the safety and availability of COVID-19 vaccinations. Teams regularly gathered to visit encampments and other areas unsheltered persons tended to congregate.

1D-7.	Addressing Possible Increases in Domestic Violence.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC addressed possible increases in domestic violence calls for assistance due to requirements to stay at home, increased unemployment, etc. during the COVID-19 pandemic.

**(limit 2,000 characters)**

All Victim Services providers within the bi-county region are active, voting members of KTCoC and serve as integral partners in the design of CES, trainings, and confidentiality protocols.

There were several factors that impacted the domestic violence service system during the COVID-19 pandemic. At the onset of the pandemic, California instituted a zero-dollar bail rule that resulted in many offenders not being held in jail. Local providers noticed a sharp decrease in domestic violence calls while the zero-bail system was in place. It is believed that victims were afraid to report their abuse, knowing their abuser would be immediately released after booking and more likely to return home to continue the cycle of abuse.

In June, 2020, to respond to survivors who found themselves sheltering-in-place with their abusers, DV providers implemented a web-based chat hotline utilizing a platform called Resource Connect. The service has been well received and, in six months of operations, doubled the number of client contacts we receive monthly. This expanded capacity has also allowed us to provide a meaningful

volunteer opportunity in safe environments - crisis counselors monitor and respond to the chat line from the safety of their own home.

A variety of housing options for survivors were offered, including immediate placement in motels due to reduced shelter capacity. Victim service providers have access to both DV-dedicated and non-DV dedicated housing options. Households are able to choose what type and the location of housing that best meets their needs without losing prioritization in the Coordinated Entry System.

Providers also addressed the increased needs of families impacted by COVID-19 and domestic violence through special grant funding. The funding was used to provide services such as wage replacement, utility bill payment, rent/mortgage assistance, groceries, PPE supplies, sanitation and cleaning supplies, and laundry services when needed.

1D-8.	Adjusting Centralized or Coordinated Entry System.	
	NOFO Section VII.B.1.n.	

Describe in the field below how your CoC adjusted its coordinated entry system to account for rapid changes related to the onset and continuation of the COVID-19 pandemic.
---

**(limit 2,000 characters)**

At the onset of the COVID-19 pandemic, KTCoC worked with the two local health departments and human service agencies to operationalize a health screening process through CES. Health screenings were used to triage people experiencing homelessness who are at high risk of experiencing complications from COVID-19. The most vulnerable or COVID-19 positive were placed into non-congregate shelter (NCS). A COVID-19 housing navigator was hired to work with NCS clients on developing housing plans and securing permanent housing.

KTCoC disseminated information to providers on HUD waivers that bypassed regulatory requirements such as in-person housing inspections, FMR limits, and disability documentation. Providers were asked to waive internal requirements to accessing housing units, such as identification cards, and to leverage technology for case management and housing inspections.

Interim CES prioritization standards were released in July 2020. The interim standards adjusted rapid rehousing prioritization to those staying in NCS. The number of health vulnerabilities, coupled with length of homelessness, are used to prioritize people at NCS for rapid rehousing vouchers.

Additionally, KTCoC worked with the Housing Authority of Tulare County to extend voucher time limits and provide flexibility on housing inspections.

## 1E. Project Capacity, Review, and Ranking–Local Competition

To help you complete the CoC Application, HUD published resources at [https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition), including:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2021 Continuum of Care Program Competition
- FY 2021 CoC Application Detailed Instructions–essential in helping you maximize your CoC Application score by giving specific guidance on how to respond to many questions and providing specific information about attachments you must upload
- 24 CFR part 578

1E-1.	Announcement of 30-Day Local Competition Deadline–Advance Public Notice of How Your CoC Would Review, Rank, and Select Projects. You Must Upload an Attachment to the 4B. Attachments Screen.	
	NOFO Section VII.B.2.a. and 2.g.	

1.	Enter the date your CoC published the 30-day submission deadline for project applications for your CoC’s local competition.	08/27/2021
2.	Enter the date your CoC publicly posted its local scoring and rating criteria, including point values, in advance of the local review and ranking process.	08/30/2021

1E-2.	Project Review and Ranking Process Your CoC Used in Its Local Competition. You Must Upload an Attachment to the 4B. Attachments Screen. We use the response to this question as a factor when determining your CoC’s eligibility for bonus funds and for other NOFO criteria listed below.	
	NOFO Section VII.B.2.a., 2.b., 2.c., and 2.d.	

Select yes or no in the chart below to indicate how your CoC ranked and selected project applications during your local competition:

1.	Established total points available for each project application type.	Yes
2.	At least 33 percent of the total points were based on objective criteria for the project application (e.g., cost effectiveness, timely draws, utilization rate, match, leverage), performance data, type of population served (e.g., DV, youth, Veterans, chronic homelessness), or type of housing proposed (e.g., PSH, RRH).	Yes
3.	At least 20 percent of the total points were based on system performance criteria for the project application (e.g., exits to permanent housing destinations, retention of permanent housing, length of time homeless, returns to homelessness).	Yes
4.	Used data from a comparable database to score projects submitted by victim service providers.	Yes
5.	Used objective criteria to evaluate how projects submitted by victim service providers improved safety for the population they serve.	Yes
6.	Used a specific method for evaluating projects based on the CoC’s analysis of rapid returns to permanent housing.	Yes

1E-2a.	Project Review and Ranking Process–Addressing Severity of Needs and Vulnerabilities.	
--------	--	--

NOFO Section VII.B.2.d.

Describe in the field below how your CoC reviewed, scored, and selected projects based on:

1.	the specific severity of needs and vulnerabilities your CoC considered when ranking and selecting projects; and
2.	considerations your CoC gave to projects that provide housing and services to the hardest to serve populations that could result in lower performance levels but are projects your CoC needs in its geographic area.

**(limit 2,000 characters)**

1. In the FY 2020 HUD CoC Competition, the Rating and Ranking Tool allotted 10 points for a project’s plan to address severity of needs and vulnerabilities. These included low or no income, substance abuse, mental illness, chronic homelessness, and/or survivors of domestic violence or human trafficking.

2. The Rating and Ranking Committee reviewed the performance of all projects by looking at a contribution to system performance through APRs, data quality using reports from HMIS, spend rates from e-LOCCS reports, audit findings, and addressing severity of needs from APRs and narratives. All programs are required to be Housing First and serve the most vulnerable clients referred from CES. The scoring tool includes a section called “Project Design”. In this section, up to 10 points are awarded for projects that address the severity of needs/vulnerabilities of clients. Renewal projects are assigned a severity factor, derived from the number of vulnerabilities each client has divided by the total number of clients served. This factor, in conjunction with the grant, allowed the Rating and Ranking Committee to take into consideration the challenges of the population served and how that may impact project performance. Projects are also considered against the need for additional capacity to serve specific high-need and priority subpopulations in various locations across the CoC’s geographic region. Once raw scores are determined, the Rating & Ranking Committee considers whether the initial scoring is likely to result in any critical service gaps and utilizes a weighted scoring methodology to address these types of issues.

1E-3.	Promoting Racial Equity in the Local Review and Ranking Process.	
-------	--	--

NOFO Section VII.B.2.e.

Describe in the field below how your CoC:

1.	obtained input and included persons of different races, particularly those over-represented in the local homelessness population, when determining the rating factors used to review project applications;
2.	included persons of different races, particularly those over-represented in the local homelessness population, in the review, selection, and ranking process;
3.	rated and ranked projects based on the degree to which their program participants mirror the homeless population demographics (e.g., considers how a project promotes racial equity where individuals and families of different races are over-represented).

**(limit 2,000 characters)**

1. KTCoc utilizes a collective impact model for all of the work it does- with a special emphasis on transparency and inclusion in funding decisions. The Rating & Ranking Tool was drafted by KTCoc, whose team mirrors race demographics within the local homeless population (57% vs. 58%, respectively). Input for the Rating & Ranking Tool was gathered from and adopted by KTCoc. Membership which includes people from a variety of races

that also mirror the racial composition of the local homeless population. Feedback was solicited through different methods such as social media, listservs, and Membership Meetings.

2. KTCoC proactively sought a variety of race, ethnicity, and other demographics for the Rating & Ranking Committee through individual outreach. The Rating & Ranking Committee, including KTCoC staff supports, reflected diversity that mirrored the racial composition of the local homeless population.

3. Projects could receive up to 10 points in the local Rating & Ranking competition for demonstrating a commitment to racial equity through policies and procedures that measure and improve its response to racial disparities and biases. Agencies were also required to sign an MOU agreeing to annual racial equity training and reducing disparate outcomes among people of color.

1E-4.	<b>Reallocation—Reviewing Performance of Existing Projects. We use the response to this question as a factor when determining your CoC’s eligibility for bonus funds and for other NOFO criterion below.</b>  NOFO Section VII.B.2.f.	
-------	---	--

Describe in the field below:	
1.	your CoC’s reallocation process, including how your CoC determined which projects are candidates for reallocation because they are low performing or less needed;
2.	whether your CoC identified any projects through this process during your local competition this year;
3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year;
4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable; and
5.	how your CoC communicated the reallocation process to project applicants.

**(limit 2,000 characters)**

1. The Rating & Ranking Committee reviewed the performance of all projects by looking at contribution to system performance through APRs, data quality using reports from HMIS, spend rates from e-LOCCS reports, audit findings from agency audits, and addressing severity of needs from APRs and application narratives. Each of these areas were assigned a set number of points through the local competition scoring tool. Once the Committee completed the rating and ranking, they considered local priorities and whether the initial scoring would result in any critical service gaps. Low scoring projects are reviewed by the Committee for reallocation or a decrease of funding. In the event the Committee identifies a renewal project(s) whose funding should not be renewed (or funding should be decreased), the Committee then determines whether any new proposed projects should be awarded and then proceeds with reallocation.

2. The Rating & Ranking Committee did not identify any projects for reallocation this year.

3. KTCoC did not reallocate any low performing or less needed projects during the competition this year.

4. KTCoC opted to place a lower performing project on a performance improvement plan rather than reallocate the funding due to the difficulty faced by the agency as a result of COVID-19. While a difficult decision, KTCoC

believes that targeted technical assistance can get the project back in alignment with both threshold criteria and overall program performance.

5. KTCoc communicated the reallocation process in writing through the local NOFA process, which was posted on the website, sent out via listserv, social media, and reviewed during the Applicant Workshop.

<b>1E-4a.</b>	<b>Reallocation Between FY 2016 and FY 2021. We use the response to this question as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criterion below.</b>

2A-4.	HMIS Implementation—Comparable Database for DV.	
	NOFO Section VII.B.3.b.	

Describe in the field below actions your CoC and HMIS Lead have taken to ensure DV housing and service providers in your CoC:

1. have a comparable database that collects the same data elements required in the HUD-published 2020 HMIS Data Standards; and
2. submit de-identified aggregated system performance measures data for each project in the comparable database to your CoC and HMIS lead.

**(limit 2,000 characters)**

1. All DV housing providers in the bi-county region use a cloud-based comparable database that is programmed to meet the 2020 HMIS Data Standards and complies with all HUD-required technical specifications. The comparable database is supported by funding through KTCOC. Programs that are HUD or ESG funded collect and input all program-level data elements required by the HMIS Data Standards. Data fields can also be modified and/or customized to meet the needs of the DV provider and the clients it serves. DV providers control access to the database and who can access client information. The HMIS lead regularly provides technical assistance to DV providers on data standards and how to pull reports.

Survivors are informed that they have the right to refuse to answer any of the questions required to complete the data fields and are given the opportunity not to provide personally-identifying information that will be entered into the database. DV service providers are not penalized in funding competitions for missing data elements due to the nature of the population served.

2. Through the Comparable Database, DV providers are able to generate all reports required by federal partners such as the HUD CoC and ESG CSVs. Records are de-duplicated and shared in aggregate to protect client confidentiality. De-identified and aggregated system performance measurement data is shared with the CoC and HMIS lead on a regular basis.

<b>2C-1.</b>	<b>Reduction in the Number of First Time Homeless—Risk Factors.</b>	
	NOFO Section VII.B.5.b.	

Describe in the field below:	
1.	how your CoC determined which risk factors your CoC uses to identify persons becoming homeless for the first time;
2.	how your CoC addresses individuals and families at risk of becoming homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC’s strategy to reduce the number of individuals and families experiencing homelessness for the first time or to end homelessness for individuals and families.

**(limit 2,000 characters)**

1. KTCoc tracks several data elements collected within HMIS to understand the factors that lead people into homelessness. The elements include prior residence, barriers, mainstream benefits, employment, education, and reason for homelessness. KTCoc also reviewed CES assessments, local 211 call records, and national publications such as those by HUD, NAEH, and the NCH. The commonalities between local and national data include 1) doubled-up situations, 2) foster care involvement, and 3) households below 30% AMI.

2. Armed with the knowledge of local risk factors, we developed strategies for our prevention efforts.

a) Lack of affordable housing: We partner with two affordable housing developers to create set-aside units with relaxed screening criteria for 30% AMI households. A local managed care organization funds security deposits, household items, and ongoing case management to ensure that households are stabilized.

b) Foster care involvement: KTCoc partners with the County Office of Education and local community college on youth projects. The Dream Center is a one-stop for foster-involved youth. Services include case management, housing, job searches, and peer supports. In partnership with College of the Sequoias, we are developing set-aside permanent housing units for students. A Youth Advisory Board ensures that initiatives are youth-informed and youth-driven.

c) Access to resources: In 2019, KTCoc launched a prevention assessment tool to determine eligibility and what types of resources a household may need. The CES hosts a bi-weekly pop-up navigation center to assist people in

accessing resources. The center is staffed with people specializing in entitlement and legal assistance benefits. 2-1-1 provides eviction prevention assistance, including rental and utility arrearages.

3. The Kings/Tulare Homeless Alliance is the agency responsible for overseeing the CoC’s strategy to reduce or end the number of individuals and families experiencing homelessness for the first time.

2C-2.	Length of Time Homeless–Strategy to Reduce.	
	NOFO Section VII.B.5.c.	

Describe in the field below:

1.	your CoC’s strategy to reduce the length of time individuals and persons in families remain homeless;
2.	how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC’s strategy to reduce the length of time individuals and families remain homeless.

**(limit 2,000 characters)**

1. KTCOC employs several strategies to reduce the length of time households remain homeless: 1) Leveraging robust outreach efforts through multi-disciplinary teams such as the Homeless Outreach and Proactive Engagement (HOPE) Ride Along program, comprised of law enforcement/mental health, and the street medicine team; 2) Operating one-stop centers where people can be assessed for housing, apply for benefits, and meet with mental health/substance abuse providers; 3) Funding Bridge Housing for people that have a referral for permanent housing, including two new projects under development; 4) Increasing access to PSH for clients with Mainstream and Emergency Housing Vouchers; 5) by leveraging a Landlord Relations Specialist to recruit new landlords and oversee the Landlord Mitigation Fund, flex fund, set-aside units, and Moving-On program; 6) Leading two 100-Day Challenges- one focused on permanently housing 100 households and the other focused on youth housing; and 7) ensuring that all CoC and ESG funded programs operate under the Housing First model.

The Mitigation Fund covers rent, damages, repairs, and eviction costs. The Flex Fund can assist with rent subsidies above FMR, deposits/arrearages, and application fees. Set-aside units are available with affordable housing developers, Housing Authority, and private investors.

2. KTCOC uses the VI-SPDAT to prioritize clients in accordance with HUD CPD 16-11. Housing navigators match housing to clients that are high-scoring and have the longest history of homelessness. Navigators assist with locating clients, obtaining documentation, completing rental applications, and negotiating with landlords. KTCOC uses the Landlord Mitigation and flex funds to attract landlords. HMIS tracks LOT from VI-SPDAT to referral to enrollment. Data is used to identify clients exceeding 100 days.

3. The CES manager is responsible for overseeing KTCOC’s strategy to reduce the length of time individuals and families remain homeless.

2C-3.	<b>Exits to Permanent Housing Destinations/Retention of Permanent Housing.</b>	
	NOFO Section VII.B.5.d.	
	Describe in the field below how your CoC will increase the rate that individuals and persons in families residing in:	
1.	emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations; and	
2.	permanent housing projects retain their permanent housing or exit to permanent housing destinations.	

**(limit 2,000 characters)**

1. KTCoC uses a variety of strategies to increase exits to PH, resulting in a 5% increase in successful exits from ES, TH, and RRH in FY 19/20. Navigators staff emergency shelters and drop-in centers to expedite access to permanent housing and assist with entitlement enrollments and benefit appeals. Disabled clients are referred simultaneously to the Housing and Disability Assistance Program (HDAP), which leverages the SOAR model, and Mainstream Voucher Program. A healthcare partnership assists clients with security deposits, household furnishings, and outstanding debts that impact access to permanent housing.

The Landlord Relations Specialist recruits landlords willing to rent to people experiencing homelessness using resources such as the local Flex Fund and Landlord Mitigation Fund.

KTCoC also facilitated two 100-Day Challenges (100DC) focused on housing over 100 households. The momentum and relationships forged through the 100DC events are leveraged to continue rapid permanent housing placement rates in the bi-county region.

Philanthropic funding allowed for placement of ALL veterans experiencing homelessness, regardless of discharge status, into motels while getting connected to housing. This funding provided the opportunity for several chronic homeless unsheltered veterans to accept housing.

2. Housing stability is a critical component of combatting homelessness. To that end, KTCoC places a heavy emphasis on increasing the breadth and depth of case management services provided to households by adopting a universal case management curriculum. KTCoC partners with employment training programs through the Workforce Innovation and Opportunity Act (WIOA) and vocational rehabilitation programs to increase household financial stability.

KTCoC has designated move-on vouchers for households that are stabilized and ready to move-on. The Tulare HOME project provides intensive services to people in PSH who are at risk of eviction.

2C-4.	<b>Returns to Homelessness—CoC's Strategy to Reduce Rate.</b>	
	NOFO Section VII.B.5.e.	
	Describe in the field below:	
1.	how your CoC identifies individuals and families who return to homelessness;	
2.	your CoC's strategy to reduce the rate of additional returns to homelessness; and	

3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the rate individuals and persons in families return to homelessness.
----	--

**(limit 2,000 characters)**

1. The HMIS team monitors the number of households who exit to permanent housing on a quarterly basis to identify returns to homelessness (RTH) and other areas of concern on both a program and system-wide level. Using the HMIS System Performance Measures report, we review the numbers of people who return in less than 6 months, within 6-12 months, and within 13-24 months.

2. To reduce recidivism, KTCoc provides training and supports to service providers. All programs funded through or recommended by KTCoc must adhere to Housing First principles. Agencies are prohibited from terminating a household until the case is presented at the monthly case management roundtable. Often, a household is diverted from eviction by transferring to another agency or unit better suited to their needs.

Case managers within all CoC and ESG funded agencies are required to complete a six-part Case Management 101 training that includes an overview of the Housing First Model, Engaging Tenants in Services, Eviction Prevention & Working with Landlords, Coordinating Property Management & Supportive Services, Harm Reduction in Practice, and Trauma Informed Care & Motivational Interviewing. Other recent trainings include: increasing employment among clients, volunteer opportunities for people with lived experience, Health Homes, and accessing WIC benefits.

KTCoc also works closely with Central California Legal Services on tenancy education, landlord disputes, and the Homelessness Prevention Project (HPP). CES serves as an access point for tenants needing legal and housing stability services. Other efforts include maximizing supports through the Housing Support Program that offers financial assistance and wrap around services for people at imminent risk of homelessness and providing Emergency Rental Assistance for COVID-19 impacted households.

2C-5.	Increasing Employment Cash Income-Strategy.	
	NOFO Section VII.B.5.f.	

Describe in the field below:

1.	your CoC's strategy to increase employment income;
2.	how your CoC works with mainstream employment organizations to help individuals and families increase their cash income; and
3.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase income from employment.

**(limit 2,000 characters)**

1. Strategies to increase employment income include 1) engaging with employment partners such as the Job Training Office, Employment Connection, and the Employment Development Department to prioritize PH clients, 2) having employment representatives at weekly navigation center; 3) regularly disseminating information such as resource guides and career fair announcements via listserv; and 4) ensuring that housing providers connect clients to employment partners for resume & interview support, transportation vouchers, and childcare assistance.

KTCoc providers use a variety of methods to connect clients with non-traditional income opportunities such as recycling, babysitting, house cleaning, etc.

2. KTCoc works with mainstream employment organizations to leverage financial assistance for training programs through the Workforce Innovation and Opportunity Act (WIOA) and vocational rehabilitation programs. Service providers that offer employment programs, such as the City of Visalia, Community Services and Employment Training, are voting members of KTCoc. Housing providers receive ongoing training on how to access these opportunities for their clients, with the most recent training on 11/01/2021. The HMIS Lead monitors increased cash income from employment sources on a quarterly basis. Projects not meeting locally adopted performance goals are provided technical assistance and put on a performance improvement plan.

3. The Kings/Tulare Homeless Alliance is responsible for overseeing KTCoc's strategy to increase jobs and income from employment.

2C-5a.	Increasing Employment Cash Income–Workforce Development–Education–Training.	
	NOFO Section VII.B.5.f.	

Describe in the field below how your CoC:

1.	promoted partnerships and access to employment opportunities with private employers and private employment organizations, such as holding job fairs, outreach to employers, and partnering with staffing agencies; and
2.	is working with public and private organizations to provide meaningful education and training, on-the-job training, internships, and employment opportunities for program participants.

**(limit 2,000 characters)**

1. KTCoc promotes annual job fairs that include private employers in industries such as hospitals, distributors, manufacturing, and many others. The Sequoia Community Corps offers subsidized employment for homeless youth, ages 18-24, through a wide variety of private employers. Through the local one-stop centers, clients can access job postings, workshops to improve interview and computer skills, and individualized job search assistance. Private employers share employment opportunities to job seekers at specialized workshops. KTCoc sends out job announcements to housing providers via its local listserv.

2. KTCoc partners can refer permanent housing residents to serve as a Peer Support Specialist at mental health clinics through the CSET Supported Employment Program. Clients can also access employment opportunities through ABLE Industries. ABLE Industries offers employment opportunities to adults with disabilities. Volunteer opportunities for clients include serving on a project's resident advisory committee, drop-in navigation centers, Point in Time counts, and serving on local non-profit boards. Most recently, KTCoc is developing a partnership with New Life K9s. New Life K9s provides service dogs to veterans with PTSD. The service dogs, trained during the week by inmates at a local prison, will be paired with permanent housing program participants on the weekends. Program participants will learn dog training techniques that can translate into paid employment as a community coordinator.

The Youth Advisory Board (YAB) Mentor Team is developing a workshop series

that will include topics such as Financial Literacy, Time-Management and Study Habits, Job Readiness, College & Career Readiness, Building Relationships and Networking, and Leadership. Workshops can be accessed by any youth experiencing or at-risk of homelessness.

<b>2C-5b.</b>	<b>Increasing Non-employment Cash Income.</b>	
	NOFO Section VII.B.5.f.	

Describe in the field below:	
1.	your CoC’s strategy to increase non-employment cash income;
2.	your CoC’s strategy to increase access to non-employment cash sources; and
3.	provide the organization name or position title that is responsible for overseeing your CoC’s strategy to increase non-employment cash income.

**(limit 2,000 characters)**

1. KTCoc’s strategy to increase non-employment cash income include requiring that agencies have a designated staff member trained in SOAR, that all clients are assessed for maximizing mainstream benefits, and that clients receiving SSI/SSDI income are screened for potential appeals to increase their award amount. The drop-in navigation center offers connections to benefits screening and enrollment. CalWORKS representatives participate in the drop-in navigation centers and work directly with attendees on cash aid applications, appeals, and benefit status checks. New outreach teams including the HOPE police/MH team support people experiencing unsheltered homelessness to enroll in cash benefit programs.

2. In order to increase access to non-employment cash sources, agencies are required to screen clients at entry and annually for mainstream benefit eligibility. Clients can apply for mainstream benefits at one-stop centers throughout the region as well as online. Outreach teams, housing navigators, and case management teams provide transportation assistance and appointment support. The HMIS Lead monitors increased non-employment cash income through quarterly Snapshot reports. Agencies not meeting performance targets are given technical assistance and placed on a performance improvement plan.

3. The Kings/Tulare Homeless Alliance is responsible for overseeing KTCoc’s strategy to increase non-employment cash income.

## 4B. Attachments Screen For All Application Questions

We prefer that you use PDF files, though other file types are supported. Please only use zip files if necessary.

Attachments must match the questions they are associated with.

Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process.

We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

## CONSENT FOR INTERVIEW

My name is \_\_\_\_\_ and I'm with the Kings/Tulare Homeless Alliance. I have a 10-minute survey that I would like to complete with you and take a picture of you so we can identify you at a later date. The answers will help us determine how we can go about supporting and housing you. Most questions only require a Yes or No response. Some questions require a one-word answer. I'll be honest, some questions are personal in nature, but know you can skip or refuse any question. The information collected goes into our homeless provider data system and shared with authorized agencies for the purpose of furthering services and housing in the community.

If you do not understand a question, let me know and I would be happy to clarify. If it seems to me that you don't understand a question I will also do my best to explain it to you without you needing to ask for clarification.

One last thing we should chat about. I've been doing this long enough to know that some people will tell me what they want me to hear rather than telling me – or even themselves – the truth. It's up to you, but the more honest you are, the better we can figure out how best to support you. If you are dishonest with me, really you are just being dishonest with yourself. So, please answer as honestly as you feel comfortable doing.

**NOTICE TO RECIPIENT OF INFORMATION**

*This information has been disclosed to you from records the confidentiality of which may be protected by federal and/or state law. If the records are protected under the federal regulations on the confidentiality of alcohol and drug abuse patient records (42 CFR Part 2), you are prohibited from making any further disclosures of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains, or as otherwise permitted by 42 CFR Part 2. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The federal rules restrict any use of this information to criminally investigate or prosecute any alcohol or drug abuse patient.*

**HMIS CONSENT FORM**

When you request or receive services from a participating agency, we collect information about you and your household and enter it into a database system called the Homeless Management Information System (HMIS). This system helps us to better understand homelessness, to improve service delivery, and to evaluate the effectiveness of services provided to the homeless and those at-risk of homelessness.

**What information is collected?**

Depending on your situation, you may be asked for some or all of the following:

- Basic identifying information (may include name, SSN, date of birth, gender, race, marital and family status, household relationships, phone numbers, military veteran status, whether or not you have a disability)
- Housing information (may include address, type of housing, homeless status, and reason for homelessness)
- Income information (sources and amounts of household income, employment information, work skills)
- Legal history/information
- Medical information
- Services needed and provided; outcomes of services provided

**What happens to the information collected?**

- Details of your medical/health status will **only** be shared between Partner Agencies using HMIS.
- With your approval, information collected is shared with authorized personnel at Partner Agencies.
- Collectively, data on the homeless population in Kings and Tulare counties (but not personal identifying information) is used in statewide reports on homelessness.

NOTE: HMIS uses many security protections to ensure confidentiality and only Partner Agencies who have signed an Interagency Network Data Sharing Agreement have full access. A list of Partner Agencies can be found on our website at [www.kthomelessalliance.org](http://www.kthomelessalliance.org).

**Why should you agree to have your information shared with HMIS Partner Agencies?**

By sharing your information with these agencies, you will help them:

- Identify other services or programs you may be eligible for,
- Better coordinate services for you and your household,
- More accurately count the number of homeless persons, services available and services needed,
- Show the people who fund homeless programs that the services are needed and
- Obtain other funding for programs that serve homeless persons.

**CLIENT INFORMED CONSENT/RELEASE OF INFORMATION AUTHORIZATION**

You have the option to restrict access to personal information that you are providing about yourself and your minor children. You may modify this consent with respect to the sharing of your information at any time.

Opt Out: If you wish to opt out of having your information shared in the Kings/Tulare HMIS, please write "I do not consent", sign and date this section. Otherwise, leave blank.

## CONSENT FOR INTERVIEW

My name is \_\_\_\_\_ and I'm with the Kings/Tulare Homeless Alliance. I have a 10-minute survey that I would like to complete with you and take a picture of you so we can identify you at a later date. The answers will help us determine how we can go about supporting and housing you. Most questions only require a Yes or No response. Some questions require a one-word answer. I'll be honest, some questions are personal in nature, but know you can skip or refuse any question. The information collected goes in to our homeless provider data system and shared with authorized agencies for the purpose of furthering services and housing in the community.

If you do not understand a question, let me know and I would be happy to clarify. If it seems to me that you don't understand a question I will also do my best to explain it to you without you needing to ask for clarification.

One last thing we should chat about. I've been doing this long enough to know that some people will tell me what they want me to hear rather than telling me – or even themselves – the truth. It's up to you, but the more honest you are, the better we can figure out how best to support you. If you are dishonest with me, really you are just being dishonest with yourself. So, please answer as honestly as you feel comfortable doing.

**NOTICE TO RECIPIENT OF INFORMATION**

*This information has been disclosed to you from records the confidentiality of which may be protected by federal and/or state law. If the records are protected under the federal regulations on the confidentiality of alcohol and drug abuse patient records (42 CFR Part 2), you are prohibited from making any further disclosures of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains, or as otherwise permitted by 42 CFR Part 2. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The federal rules restrict any use of this information to criminally investigate or prosecute any alcohol or drug abuse patient.*

HMIS CONSENT FORM

When you request or receive services from a participating agency, we collect information about you and your household and enter it into a database system called the Homeless Management Information System (HMIS). This system helps us to better understand homelessness, to improve service delivery, and to evaluate the effectiveness of services provided to the homeless and those at-risk of homelessness.

What information is collected?

Depending on your situation, you may be asked for some or all of the following:

- o Basic identifying information (may include name, SSN, date of birth, gender, race, marital and family status, household relationships, phone numbers, military veteran status, whether or not you have a disability)
o Housing information (may include address, type of housing, homeless status, and reason for homelessness)
o Income information (sources and amounts of household income, employment information, work skills)
o Legal history/information
o Medical information
o Services needed and provided; outcomes of services provided

What happens to the information collected?

- o Details of your medical/health status will only be shared between Partner Agencies using HMIS.
o With your approval, information collected is shared with authorized personnel at Partner Agencies.
o Collectively, data on the homeless population in Kings and Tulare counties (but not personal identifying information) is used in statewide reports on homelessness.

NOTE: HMIS uses many security protections to ensure confidentiality and only Partner Agencies who have signed an Interagency Network Data Sharing Agreement have access. A list of Partner Agencies can be found on our website at www.kthomelessalliance.org.

Why should you agree to have your information shared with HMIS Partner Agencies?

By sharing your information with these agencies, you will help them:

- o Identify other services or programs you may be eligible for,
o Better coordinate services for you and your household,
o More accurately count the number of homeless persons, services available and services needed,
o Show the people who fund homeless programs that the services are needed and
o Obtain other funding for programs that serve homeless persons.

CLIENT INFORMED CONSENT/RELEASE OF INFORMATION AUTHORIZATION

You have the option to restrict access to personal information that you are providing about yourself and your minor children. You may modify this consent with respect to the sharing of your information at any time.

Opt Out: If you wish to opt out of having your information shared in the Kings/Tulare HMIS, please write "I do not consent", sign and date this section. Otherwise, leave blank.

(Write "I do not consent") Signature Signature

Re: Housing Authority and Alliance Partnership

Dear Ms. Fisher,

The Housing Authority of Tulare County is pleased to partner with the Kings/Tulare Homeless Alliance through the Every Door Open program. In an effort to address the lack of affordable housing as individuals and families move from Permanent Supportive Housing (PSH) to housing stability, the Housing Authority has set aside ten (10) vouchers in our Housing Choice Voucher (HCV) program to address homeless preferences.

In order to comply with the FY2021 COC Program competition NOFA, consider this letter to be documentation of coordination and engagement from the Housing Authority.

The Housing Authority looks forward to a continued partnership with the Kings/Tulare Homeless Alliance. Please contact me for further discussion, or with any questions or concerns. My contact information is (559) 627-3700 ext. 116.

### 2021 HUD Application Resources

On August 18, 2021 the U.S. Department of Housing and Urban Development (HUD) released the Notice of Funding Opportunity (NOFO) for the 2021 Continuum of Care Program Competition. The Kings/Tulare Homeless Alliance (Alliance), serves as the local CoC and Collaborative Applicant, and is responsible for submitting the CoC Consolidated Application in e-snaps on behalf of the CoC.

In order to submit an application through this NOFO, applicants must participate in the local Project Selection and Ranking Process. The HUD CoC Program competition has several key deadlines that must be met in order for a project to be included in the collaborative application. Failure to meet one or more of these deadlines may result in a project not being recommended for funding.

- A mandatory Applicant Workshop will be held on September 10, 2021 at 11:00 am via webinar.
- Agencies wishing to renew an existing HUD CoC Program project must confirm their intent by submitting an email to HUDNOFO@kthomelessalliance.org by 5:00 pm on September 13, 2021.
- Applications are due to the Alliance by 11:59 pm on September 24, 2021.

Below are resources for the local competition process:

- Hold Harmless Agreement
- Alliance HUD MOU
- Project Selection and Ranking Process
- Funding Recommendations (will be posted by 10/29/21)

times that must be met in order for a project to be included in the collaborative application. Failure to meet one or more of these deadlines may result in a project not being recommended for funding.

## 2021 HUD Continuum of Care (CoC) Program Project Selection and Ranking Process

### Introduction

On August 18, 2021 the U.S. Department of Housing and Urban Development (HUD) released the [Notice of Funding Opportunity \(NOFO\)](#) for the 2021 Continuum of Care Program Competition. The NOFO is available by visiting the HUD Exchange website or Grants.gov.

The Continuum of Care (CoC) Program (24 CFR part 578) is designed to promote a community-wide commitment to the goal of ending homelessness; to provide funding for efforts by nonprofit providers, states, and local governments to quickly rehouse homeless individuals, families, persons fleeing domestic violence, dating violence, sexual assault, and stalking, and youth while minimizing the trauma and dislocation caused by homelessness; to promote access to and effective utilization of mainstream programs by homeless individuals and families; and to optimize self-sufficiency among those experiencing homelessness.

The Kings/Tulare Homeless Alliance (Alliance), serves as the local CoC and Collaborative Applicant, and is responsible for submitting the CoC Consolidated Application in e-snaps on behalf of the CoC. The CoC Consolidated Application is made up of the following three parts:

- FY 2021 CoC Application
- FY 2021 Project Applications
- FY 2021 CoC Priority Listing

### Program Requirements

For interested parties of HUD COC Program funding, refer to the [HUD CoC Program Interim Rule](#) and the [FY 2021 HUD CoC Program NOFO](#). Please refer to the [Every Door Open, Coordinated Entry](#) written standards for additional requirements on local coordination and service level provisions.

### Amount Available

In 2021, the estimated amount available for the Kings/Tulare CoC is \$3,100,572. The funding amounts below were derived from [HUD's FY 2021 CoC Program Competition Estimated Annual Renewal Demand \(ARD\) Amount Report](#).
